KISDGSSRS explicitly stated in its tender document for Housekeeping and Security Services that service charges shall not be less than 2%. However, it has been observed that the four rejected vendors calculated service charges at 2%, but they based their calculations on the Minimum Rate of Wages alone. According to the tender requirements, service charges should be calculated on the subtotal of (Minimum Rate of Wages + ESIC + EPF + Bonus). This incorrect calculation method led to the rejection of their financial bids.

Additionally, Sainik Surveillance & Security did not include the bonus, which is mandatory for minimum wages below Rs. 21,000. Therefore, the financial bids of the five vendors were excluded from the Comparative Statement.
